WHIG and Courier.

BY BOUTELLE BROTHERS.

All business letters should be addressed to Boutelle Brothers and communications intended for publication should be addressed to "Editor of WHIG and Courier."

President Cleveland's Democratic supporters have been willing to have it appear that he was following the financial teachings of Senator Sherman, but the Senator doesn't take much stock in the success of the President's efforts, as is shown by his remark at the Cincinnati Republican rally, that "the financial administration of Grover Cleveland is unworthy the character of the American people."

Now York So divides the third-term gall into three parts, those who favor it as an abstraction, those who do by the soft impeachment more or less coyly in order to diversify suspicion from their master and those who try out for a crew of desots, as for a strong man for the plus people. Well, all these cackoed rogues and paws of wisdom do not begin to make a corporal's guard compared to the plain pro-Democrats and Republians who want a change. The third-term movement is the discussion of a volume.

This evening the committee having to change the notation for a double track on Main street will give a public hearing in the Common Council at half past seven o'clock. The question is one that is of considerable interest and it is to be hoped that our citizens generally who take an interest in the matter will be present at the meeting to the trustees. It is only fair to the City Council that the citizens should avail themselves of this opportunity to be heard on the subject. They fail to do so at the meeting they should not criticize the action of the City Council whatever may be after the board has taken a much pains to learn what action the people favor in the matter.

An interesting incident in the Democratic campaign in Kentucky has just come to light. The editor of a Democratic paper has been in error opposing the election of the head of the State to the account of his heretical views. Thinking to subserve this double-sounding intent the Democrats of Louisville meant to file a complaint to the Board of Education for a seat in the Board of Education. The strategy failed to work, however, as the editor has accepted the nomination, but at the same time notified the committee that neither him nor his paper will for a moment change their attitude toward the head of the State under. Now the committee is forced to go back on the position, and the scheme which was intended toничини one of the rough places in the campaign is really worked exactly the reverse, as the editor naturally construed the committee's proposal of his joining and instead of following himself to himself will the way wider than ever.

In order to face the terrible exposure of its false status a submitted in vindication of the new law the New York *Post* was a dumb as an oyster for a time, but now it has broken out again. In connection with the fire wool clause it is further vindicated by the results, as the woolen mills are running on full time under increased wages to operate. The breaking of wool has resulted in a loss to the farmers of less than \$10,000,000, and as for the woolen mills the *Post* and *World* *Journal* explains the fact that wool he costed out at home is being exported because our mills are not well employed. In this statement we have a flat contradiction of the *World's* claim that our mills are running on full time, and of course the fact that the wool formerly used at home for manufacturing purposes is now going abroad is of itself sufficient to expel this free trade union.

In Boston *Reed* is surprising its readers with a very frank exposure of the recording of sound money ideas with which secretaries Carlisle & trying to distinguish years of support of the currency heresies of the Democratic party. The Boston *Journal* had to the defense of the Secretary, who it contended had been misinterpreted, but the *World* promptly laid it out by a statement from the *Post* of a record of as recent date as 1890 showing that Mr. Carlisle, then a senator, voted for a free coinage amendment to the House currency bill. On the occasion of the recent meeting of the Reform League in Massachusetts, Hon. John E. Russell unloosed to determine Congress-man Reed and at the same time catalogued some of Carlisle's career record. The *World* took the matter up and said:

The letter was voting for the free coinage of silver. Mr. Reed was marshaled as a leading money Republican for the sake of that money protection. When S. Carter Carlisle was using his personal and political influence to bring about the coinage of the negroes, a financial scheme which Mr. Reed had been instrumental in correctly detecting as proposed to you and me. Mr. Reed was employing his personal and political influence for the defeat of the Island seigniorage bill, and later he took up the Island seigniorage to the support of the Island seigniorage, which, but for his aid, would have overthrown in a Democratic House.

Of course no one thinks of paying any attention to the utterances of John E. Reed in a political campaign, but when he goes to such extremes of demagogic in that his own party organ calls a hit it serves to show what a cheap political hit he is.

Our Wheat and Flour Trade The official statistics of our exports of wheat and flour continue to be very interesting though, we must confess, says the *American Economist*, somewhat disappointing inasmuch as the returns fail to show what was promised us by the free trade party should they succeed in demolishing the McKinley tariff. The exports of wheat during the months of July and August, 1894 and 1895, were as follows:

BUSHELS OF WHEAT EXPORTED
July August Total
1894 1,476,770 1,121,120 2,597,890
1895 4,271,483 4,426,297 8,700,779
Loss in 1895 1,298,487 4,322,048 5,620,535

VALUE OF WHEAT EXPORTED
July August Total
1894 \$1,087,708 \$3,554,455 \$4,642,163
1895 2,728,704 5,610,129 8,339,833

Loss in 1895 \$1,641,393 \$2,169,229 \$3,810,622

It seems that during the first two months of the current year we exported 5,667,000 bushels of wheat, less than we exported during the corresponding months of the previous year, the money loss this year being \$8,744,612. Our foreign trade in flour can hardly be regarded as any more satisfactory, although it is true that the money loss was not so great as in the case of wheat. Here are the figures:

BUSHELS OF FLOUR EXPORTED
July August Total
1894 1,420,221 1,462,446 2,882,667
1895 3,06,688 3,11,000 6,171,688

Loss in 1895 \$26,888 \$32,997 641,785

VALUE OF FLOUR EXPORTED
July August Total
1894 \$4,725,263 \$4,900,300 \$9,625,563
1895 7,03,370 7,400,300 14,433,670

Loss in 1895 \$2,269,115 \$1,700,300 \$4,969,399

During the first two months of this fiscal year we sold in foreign markets

Bob Strook Down by Terrible Nerve Disease.

Are Now Well, Strong and Vigorous Again.

By Using This Great Invigorator for Blood and Nerves.

[From the Syracuse Herald.]

Among those well-known residents of Syracuse, N.Y., who have received ultimate benefit from the use of Dr. Greene's Nervura blood and nerve remedy, can be counted Austin H. Whipple, of No. 134 Linden Street, an operator on one of the type-setting machines in the Herald office. Mr. Whipple and Nervura are not new friends, for the gentleman can look back for some years since he first received relief from nervous prostration by its use after a strong recommendation from one of his friends who had been cured of long-standing nervous prostration. Mr. Whipple's nervousness dated from the time that he met with loss of appetite and general debility resulting from over-work and taxation of his nervous system.

Mr. Whipple says that he began to receive noticeable benefit after he had taken in two bottles of Dr. Greene's Nervura and a half dozen bottles proved so efficacious that he has continued to use it ever since. He was overtaken with such agonizing nervous disorders. His recommendation for Dr. Greene's Nervura comes from his doctor, Dr. H. C. Green, who directed him to the Nervura, which has doubtless been but the means of saving the lives of many people who have taken it and received benefit almost from the first bottle taken.

[Colby Notes.]

Our correspondent writes: Once more Colby comes to the front, this time with a bicycle meet under the direction of the Colby Bicycle Club assisted by the Waterville Bicycle Club. The meet will be held October 25th, on the one-mile cinder track and under the sanction of the L. A. W. Correspondence has been carried on with prominent bicyclists throughout the State and all express a desire to attend and compete.

The following is the list of events with the value of prizes:

Mile novice, open to Colby, \$10.

Mile open to State, \$25.

Championship of Maine colleges, one mile.

Championship of Waterville and Fairfield, one mile, \$25.

Mile, State record, \$25.

Five miles, open to Maine colleges, \$25.

Two miles, open to State, \$25.

Championship of Kennebec County, one mile, \$25.

Half mile, open to State, \$25.

The total value of the prizes to be given is \$15,000. With this amount of prizes surely the entry list should be large. The entries close Oct. 24. Among the contributors of prizes are the following firms: Newton Rubber Works Co., Morgan & Wright, Elysie Cycle Co., New Departure Belt Co. Two prizes will be given by the Colby students. Work upon the track has already been begun and no pains will be spared to make it the fastest in the State.

The college gymnasium and bath rooms will be given over to the wheelmen and everything will be done for the convenience of the visitors. If the day should be too stormy the meet will be held on the next pleasant day.

William H. Hartshorn, Colby '97, who has the matter in charge, will be glad to give any and all information possible concerning the meet.

Next Tuesday afternoon Colby and M. S. C. play foot ball on the campus grounds.

The forty-ninth initiation of the Delta Kappa Epsilon society took place Tuesday night.

The following were the initiates: Harold Libby, Hause, Skowhegan; Ernest Henry Maling, Portland; Varney Arthur Putnam, Duxbury; Ralph Horner Richardson, Brockton, Mass.; Henry Russell Spencer, Waterville; William Oliver Stevens, Waterville; Richard Curtis Shannon, Saco; Charles Emery Gould Shanno, Saco.

After the initiation ceremony at Waterville the members took a special train to Skowhegan where a banquet was held at Hotel Coburn. Under the able direction of H. W. Fuss as toastmaster, responses were given to the following toasts:

The Occident..... Charles E. Sawtelle, Fratres..... H. C. Richardson The Duke at Work..... Fred M. Dyer The Duke in Love..... D. C. Dyer The Duke in College..... H. H. Chapman The Laurelled Bough..... Richard Collins Head a Greeting..... Mrs. Howland, Saco.

The occasion was indeed one where wit and mirth abounded.

Our correspondent writes: Miss George Stinchfield returned home last Saturday after visiting friends in Lewiston and Boston a few weeks.

Mr. Lew Crane, the night operator at the depot, is enjoying a well-deserved vacation in Boston and other places.

C. H. Merrill and family, of the Europe, were at Maynesville a few days last week on a hunting trip.

A large number of the Mascon brethren of this town and vicinity received the degree of the Roman Eagle at Union Hall last Saturday evening, it was conferred by a Masonic team from Lewiston Lodge, of Princeton, under the leadership of Mr. Joseph Farrah, the general proprietor of the hotel at that place. There were about two dozen in the company and they worked the degree in a very satisfactory manner. Supper was served at the Vendome and all enjoyed a very pleasant time.

Frank Davis made a business trip to Calais and Eastport last week in the interest of the Border Notes.

Miss Lizzie Leach returned from Boston, last week, where she was making purchases of millinery goods for the fall trade.

J. S. Stephens was in town last Monday. He has been quite successful of late in selling insurance for the Mutual Life Insurance Company, of which he is agent.

Notwithstanding the low water, J. A. Weatherbee's saw mill has sufficient water to run.

All our lumbermen intend to do quite an extensive business in the woods this winter and many have already begun operations.

The indications are that a larger amount will be hauled this winter than last and the wages of men are already greater than a year ago.

C. H. Merrill has had his trotter, Maud Ellingwood, registered in the mystic circle, termed the 230 class, and is happy. He has a good horse and he expects next season to do some good work with her.

Daniel Floyd is erecting a fine residence. His brother, L. H. Floyd, is superintending the work and it is being done in a substantial manner.

Edwin Baldwin of Preble, was visited by Dr. George Weston Sunday.

Sneak Thieves around Rockland

May 11: T. Sparks has returned home from a visit with friends in Massachusetts.

Mr. Joseph Bowditch is building a house at his residence on Brimmer street.

Foxcroft, Oct. 10. Early this morning fire consumed the dwelling house, barn and outbuildings of Carrie E. Jackson, eight horses, one of them Lady Mitchell, a very valuable pony, two cows, harnesses, carriages, besides a large quantity of hay, straw and grain destroyed. The origin of the fire is very mysterious. The nephew of the owner moved out yesterday so the house was vacant at the time of the fire. The buildings were insured in the Aetna North American Insurance Company for two thousand dollars.
